

The Double - Decker Espresso Bus (1989 Leland Olympian)

By Angie Mori

Crazy is the word that I kept hearing myself say. My husband of twenty years has always loved coffee. He had perfected his own roasting process using a hot air popcorn popper. He began dreaming about roasting on a larger scale in 2018 and knew he would need an actual roaster.

That search is what began our family's journey towards the purchase and renovation of a double-decker bus! The ever-amazing internet provided a picture of a converted double-decker bus with all the essentials a coffee shop would need. "How awesome would that be?" said my visionary husband Dustin. I assumed this was a passing thought, of course it was cool, but what normal person actually pursues something like that?

Well, we do. We are the Mori family. Our family is comprised of two adults, who really do love each other, our Lord Jesus Christ, and our six vibrant

Preparing the kiddos for the family business. Pictured with our son Tobiah.

home educated children ranging in ages from six to seventeen. We are native-born Idahoans and think we might live in the best state ever. It was our love of family, and a desire to operate a family ran business that propelled us forward in this crazy adventure of ours.

As soon as I got over the shock of such an un-
