

ADMIN'S NOTE

BCM Website Improvements

**SANDRA VANDENBURG**

“ You may have noticed that our [website](#) looks a little different nowadays. For the past few weeks, we have been redesigning and improving our website. Our goal is to make it as user-friendly and as easy to navigate as possible so that you, as a Bus Nut, have a plethora of information available to aid you in your bus projects.

We changed our color scheme, background, and layout of our homepage, making it easier to log in and to access to the [current issue](#).

Our [Events](#) page is easier on the eyes now. Don't forget if you have an event planned, let us know, and we will list it both on our website and in the magazine. We also included a button so you can add your event info, which will also be added to our magazine. Listing your event on our page will draw a larger group of attendees at no charge to you.

The [Bus Classifieds](#) section is looking fresh with a completely different layout. A new addition to the Classifieds page is an option that you can click on if you would like to run a bus Classified Ad. Simply fill out the information and submit it. We will review your ad and contact you for payment information.

Our [Blog](#) also looks different with new writer profile photos and easy navigation from one blog post to another. Readers now also have the ability to both comment on posts and share them on their social media pages with the click of a button.

Our [Back Issues](#) page has been improved as well. Take a look and see how easy it is now to navigate. We have been adding newly scanned-in Back Issues at a rate of three per month and will continue to do so until all issues have been uploaded.

All of the [Books on PDF](#) are still available free for active subscribers. Everything you need to know about how to convert a bus is in those books.

We have all the helpful [Documents](#), like a Checklist for Buying a Used Coach, and a Pre-trip Checklist, etc. All of the useful bus life links are still there, such as [RV Dump Stations](#), [National Parks Map](#), and [Bus Friendly Campgrounds](#), just to name a few.

Lastly, the [Forum](#) is thriving. If you are not an active member of our Forum, you are missing out on tons of useful bus information! With over 400,000 posts, there are answers to almost every question you may have about a bus. This collection from knowledgeable Bus Nuts is very helpful and they are eager to help anyone who posts. If you ever break down on the road, post “Broke Down” in the Subject line along with your location and you will receive immediate help from experienced Bus Nuts. If you are not already a Member, you should register today. The Forum is also searchable on any topic you may be interested in.

More changes to our website are still to come, but if you have any suggestions on improvements to our webpage, then please use the [Contact Us](#) button at the top of the page and share your ideas with us.
